

Event Report

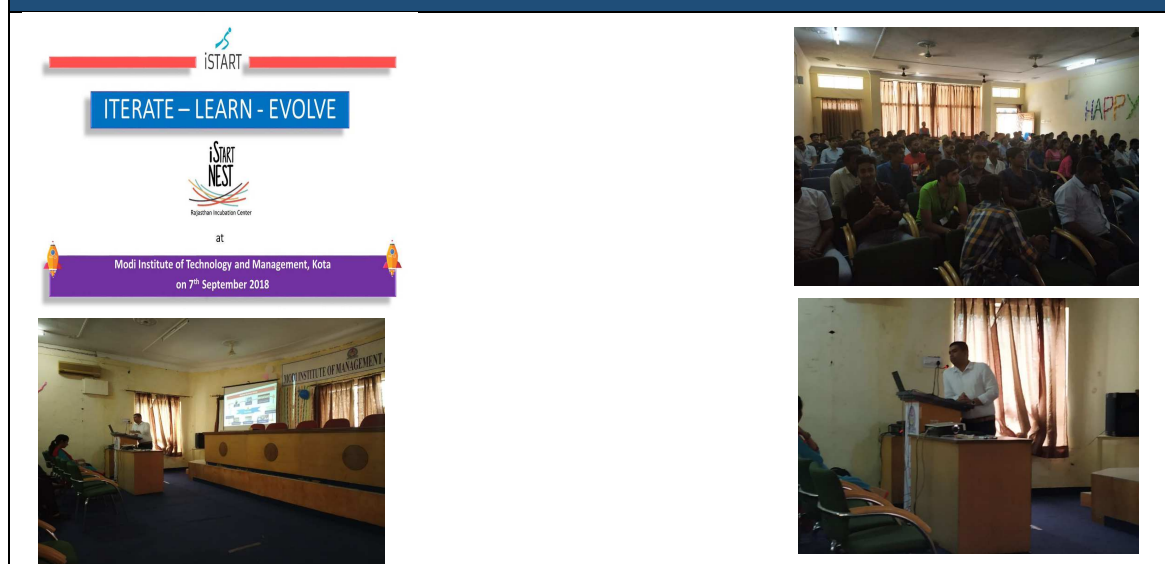

Name of the Event	Iterate - Learn - Evolve, Kota
Date(s)	7 th September 2018
Time	11:00 – 13:00 hours
Venue	Modi Institute of Management & Technology, Kota
Agenda	Students Sensitization Session

Brief Description of the Event

An explanatory session on iterate-learn-evolve process of startup lifecycle was organised at Modi Institute of Technology and Management, Gumanpura, Kota on 7th September 2018. During the session, mentors explained the students on the benefits and support extended through the iStart platform for encouraging startups to emerge with innovative business ideas. The presentation also focused on the method which the budding entrepreneurs could implement for arriving to an innovative idea that may also be feasible for starting a startup.

The session witnessed the presence of around 100 students and their respective faculty members, few photographs of which are presented here under:
