

Event Report

Name of the Event	Visit and Networking Event with SSI members
Date(s)	27-December-2022
Time	11 AM – 2 PM
Venue	iStart Nest, Kota

Brief Description of the Event

Kota has a huge potential to grow its entrepreneurial ecosystem. We are happy to share that we have more than 200 startups registered at iStart Rajasthan from Kota Division and this number is growing every day. Yesterday, we had an interaction session with around 15 second and third generation businessmen from Kota....all young and energetic with zeal to experiment with new startup ideas. This reinforces our conviction that Kota can be a startup capital of Rajasthan. Only thing required to turn it into reality is openness to collaborate.

Thank you @Aman Gau Organics for facilitating the interaction. Also, thanks to the young and dynamic youths from established business families for taking out time to visit iStart Nest Kota. Hope to have similar gatherings in future too.
